

New Century CSA

Volume 7 Issue 2

June 2010

Delivery is here

Just as last year the cool weather over the past few weeks delayed the start of harvest a couple weeks later than projected. However, this week's hot temperature's has helped speed up the process. We will begin delivering on Tuesday June 1st. You will be contacted via email to be reminded of your delivery day. Due to our routes being large we cannot pinpoint an exact delivery time. As the weeks continue the delivery times will become more consistent.

Coolers

As we mentioned in previous communication, we suggest leaving an iced cooler out on your delivery day if no one will be home to receive it. The recommended size is at least a 48 qt. Early in the season this may seem a bit over kill, however as the season progresses this space will be very useful.

Crates

The boxes we use to deliver are reusable and costly. If no cooler is left out for us to transfer the produce into, we will leave the crate to make it easier to transport the items into your home. We ask that you place the crate at the drop location the next week.

Pick up

If you are picking up at the farm, the days will be Tuesdays and Thursdays from 2:00 p.m. to 7:00 p.m. For supporters picking up at the Lancaster Farmer's Market, we will be there on Saturdays from 8:00 a.m. – 11:00 a.m. The location for the market will be downtown on Broad Street between Main and Wheeling. If you are unable to pick up at your assigned time we need to know well in advance. Each supporter will be given one week in which you may come on another day if you do forget (please call first). After that, forgotten shares will have to be forfeited for the week. Again, it is ALWAYS an option to have someone pick up for you.

Website

Please remember to check our website frequently throughout the summer months so you will be kept up to date on farm activity.

Account Balances

We are still backed up on desk work. If you have not yet received an invoice for the second half balance please accept our apologies for the delay. As we have time we will send them out.

System Update

Hopefully next week our new system will be up and running.

There may be a few small steps that you need to do to get your online account set up.

We'll keep you posted.

Last Chance

We still have several shares available. If you know of anyone interested please have them contact us.
